

Environmental Policy

Introduction and aim

Appian Fasteners is an independent distributor, operating from sites in Belfast, Dublin and Glasgow.

Our main products are fasteners and associated assembly hardware. We recognise that our operations result in the generation of waste. It is our aim to comply with legislation and other requirements, continue to reduce the environmental impacts of our business and operate in an environmentally responsible manner. This policy describes how we will achieve our aim.

Responsibility

This environmental policy applies to all of our operations including management, office services, printing, delivery and procurement. Mark Scott, Regional Manager Northern Ireland is responsible for ensuring that the policy is implemented. However, all employees have a responsibility in their area to ensure that the aims and objectives of the policy are met.

Resources

We will ensure that resources are available to enable us to achieve our objectives and targets.

During 2021 and 2022, we aim to:

2. define good housekeeping for reducing waste etc, ensure all employees receive training in good housekeeping by November 2021 and incorporate this training into the induction programme for new starters.
